Yes, we are recruiting.

If you were dissastisfied with our work and think you can make them better or you just want to help, we are still looking for Chinese/Japanese to English translators as well as experienced editors to help us with our other projects that are right now getting very dusty. If you are interested, please drop by the site and leave a message or e-mail us at hofmanga@gmail.com for more detail.

Hello! Everyone!
I work at JOKER!
It's a cafe that includes magic performances.

This is the place I first saw magic,
And where I practiced.
Hime chan, you're here.
I'm leaving it to you today.
Leave it to me.
The one who taught me magic is the owner of this store, the magician Uncle Takashi.
Ishii, long time no see! We came to congratulate you on the opening of your store.
We haven't seen you since college graduation!
What, you guys got married?
And you even have a kid?
The first time I met Uncle Takashi,
The tiny Hime-chan is already performing at my store. Looks like Uncle has really gotten old.
It's already been around ten years since the magic performing Uncle Takashi opened this store!

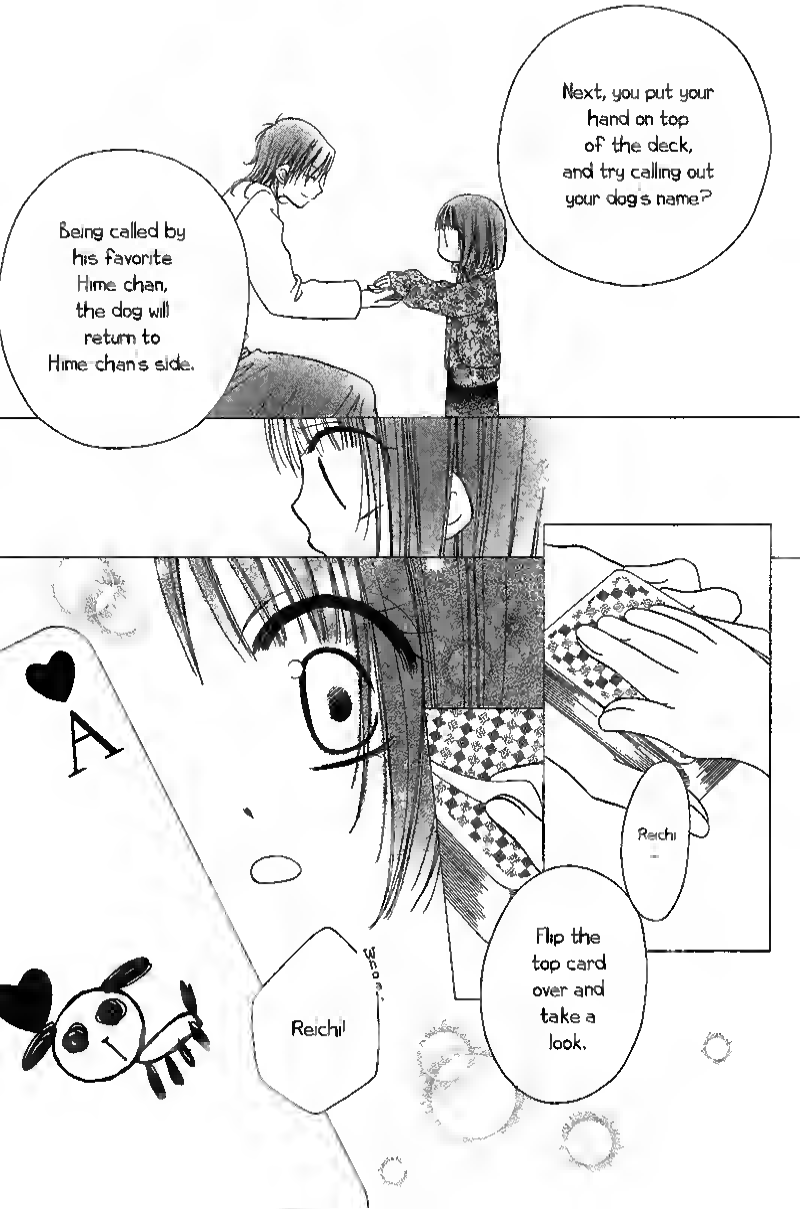
Little girl what's your name?
Ah, two days ago, her pet dog died, and she's not recovered from the shock.
Don't mind her.
I see, she must feel awful.
Ah, right, Hime chan.
Can you draw your dog on this card?
This is the Ace of Dog
Good, your drawing's amazing. Now, put that card back in a place you like.



Next, you put your hand on top of the deck, and try calling out your dog's name?
Being called by his favorite Hime chan, the dog will return to Hime chan's side.
Reichi
Flip the top card over and take a look.
Reichi!
Spot.

Reichi!
Put your hand on top of the deck and call him again.
See, he came back to Hime-chan.
That was amazing!
Next, it'll go to a place even closer to you.
Put the card stack on top.
Didn't I tell you he'll go to a place even closer to you?
Eh?
He's gone? Why? Where did he go?
Reichi left the card,
And ran inside Hime-chan's heart.

That way, you won't feel lonely anymore, right?
Reichi will always be in Hime chan's heart

After that, I became a performer.
Please sit back and enjoy the show today!

Magician 1

Before drawing the manga, I enjoyed watching magic shows. After I started drawing this, there was a magic fervor and a lot of magic shows popped up so I was really glad.

My favorite magicians include Houdini, David Copperfield, Mandy Tomo, etc. Just once, I'd like to see them perform live. It would be great if one of them would be in the area while I'm drawing this manga... but it's impossible.

But one day I'll definitely go watch. I'll have to content myself with DVDs for now though...

Ah, I also like Maggy Shinji (lol) like LUCKY the gigantic eggsend he versus amazing magic tricks.

Everything gets people to laugh, and it's still fresh no matter how many times you see it.

So, you should stay away from such a creepy person!

Our senpais left after he showed up

He collects all sorts of weird specimens, doing experiments on his own

He uses a different chemistry lab from the other club members

He's a second year in the Chemistry Club named "Nanishima Matoshige"

Chemistry Club?

Even if you say so...

What and what?!

Among our student body, he's been dubbed "Panda lover Mad Scientist", and everyone's scared of him.

He's always carrying a stuffed panda,

Ah!

Usui

Our senpais were here too?

Just what were already

I came with the president and other senpais...

Nazuna, you were here?

If I let go, Hime chan will go look for that Senpai

No way!

Senpai!?

Nazuna sorry I let go I have to... ah... ugh... ouch!

But the president and the others just told me—

Not exactly,

Senpai? Nazuna, you know him?

That's how it is
But I still want to know how he pulled off that trick.

No no no no,
I can't let myself be blinded by cuteness, Asakura Hime!

Because it's very suspicious!
I pretty much understand the trick in the cake.
But it's still very suspicious!

Why is there a kid in high school!? Or something.
SOB
I promised not to talk when I was a panda... Sor... ry!
Bro, Sorry—
I talked—
Also, why is he inside the panda!? Or something.
SOB SOB
Forget it, Haru, it can't be helped.
Don't cry.
But, if someone at school sees Haru chan,
I can't come to school with Moto chan anymore!
I don't wanna...

I won't tell anyone!
Making such a cute kid cry, I can't refuse!
It's fine as long as I don't tell anyone, right?

Haru-chan can still come to school with big brother everyday?
Of course you can—

Then, in return...
If you want money I don't have any.
Huh?
it would be a great help if you keep it quiet.
That's not it!
I think a lot of things are really strange!
Like why is he dressed like a panda, and coming to school with you!
There's something I want to know!
Chink
You've been talking about money nonstop since awhile ago
Call it what you want!
Because I can save on Haru's babysitting fee, transportation fee, and entrance fee.
So you're just a penny pincher.

So Moto chan came up with this idea
Um, Haru chan doesn't have parents
So we can't waste money.
Haru
I don't need sympathy, you can get lost!
Narishima Motoshige...
And you're disturbing my experiments
I really hate magicians.
Also, it was because Haru-chan wanted to be with Moto chan at all times,
And making money by doing this,
Using smiles to fool people,
Using tricks to conjure false illusionary worlds,

You guys are no different from con artists
Con artists—?
In comparison,
Chemistry creates a beautiful world.
Wait a minute!
Don't lump magicians in with con artists!
You only feel that way because you're such a cynic!
Magic is

"That way you won't be lonely anymore, right?"
"Reichi will always be in Hime chan's heart."
Magic is able to create a warm gentle world.
"Yeah!"
You'll definitely understand!
Get rid of your cynical attitude; try out the world of magic.
I'll show you what magic is capable of,
This person is an idiot
I guess so...
Yeah
You're forcing someone to watch, so you should pay them
Eh, why?
Then, pay me

... right, only for today, I'll watch your performance.
for free.
I have a bad feeling about this.
Huh?
Help me in my experiments.
Eh?
So you do want to watch?
But, I have a condition.
http://hotmanga awards.com

What, that's it? I'll help, what do you need?
It's not a big deal.
Wash something?
Carry things?
Run errands?
Ok, Bring it on!

The start of my high school life with the Panda Lover Mad Scientist.
Fine!
at the time, I didn't know
I'll definitely make you
